Karachi, Sindh, Pakistan

PROFESSIONAL SUMMARY

Results-driven Software Engineer with extensive experience in full-stack development using the MERN stack and mobile application development with React Native. Proven track record of building scalable, efficient, and user-friendly applications across multiple organizations. Strong foundation in modern web technologies including JavaScript, TypeScript, Express.js, MongoDB, Firebase, and Supabase. Passionate about solving complex problems, optimizing performance, and delivering high-quality code. Currently pursuing Software Engineering at FAST-NUCES.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Java, C, C++, HTML5, CSS3, SQL
- **Frontend:** React.js, React Native, Next.js, Redux, Tailwind CSS, Bootstrap, Material-UI, Responsive Design
- **Backend:** Node.js, Express.js, REST APIs, GraphQL, Authentication & Authorization, Middleware Development
- **Databases:** MongoDB, Firebase, Supabase, PostgreSQL, MySQL
- **Payments:** PayPal SDK, Stripe (payments, webhooks, subscriptions)
- **Mobile/Stores:** React Native, IOS App Store deployment ,Google play store deployment

PROFESSIONAL EXPERIENCE

App Developer

January 2026 – Present

8ration | Karachi, Pakistan

- Developing cross-platform mobile applications using React Native, implementing modern UI components and responsive layouts for iOS and Android platforms
- Collaborating with senior developers in agile sprints to deliver features on schedule while maintaining code quality and best practices

Full Stack Developer

June 2025 – January 2026

Tecxeo Private Limited | Karachi, Pakistan

- Architected and developed full-stack web applications using MERN stack (MongoDB, Express.js, React.js, Node.js), serving 1000+ daily active users
- Designed and implemented RESTful APIs with Express.js, optimizing database queries in MongoDB to improve response times by 40%

Frontend Developer

September 2024 – June 2025

S.M.I.T (Saylani Mass I.T Training) | Karachi, Pakistan

- Developed dynamic, responsive web applications using React.js, HTML5, CSS3, and JavaScript, focusing on user experience and performance optimization

EDUCATION

Bachelor of Science in Software Engineering

July 2024 – August 2028 (Expected)

National University of Computer and Emerging Sciences (FAST-NUCES) | Karachi, Pakistan

- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Software Engineering, Web Development, Computer Networks

Intermediate – Pre-Engineering

2022 – 2024

Army Public School (APSACS) | Karachi, Pakistan

AWARDS & CERTIFICATIONS

- **Saylani Hackathon Winner 2025** – Secured winning position in the Saylani Hackathon by developing an innovative software solution and demonstrating strong problem-solving and teamwork skills.
- **Developer Day Certificate – FAST University** – Successfully participated in Developer Day at FAST University and gained hands-on exposure to modern software development technologies and industry practices.
- **Procom Security Certificate – FAST University** – Earned certification in the security track at Procom, FAST University, demonstrating knowledge of cybersecurity concepts and secure software practices.
